with the new DVD training program:*

Substance Abuse Awareness: Training for Supervisors & Employees

No company is immune to the issues caused by employees with drug or alcohol problems; and everyone involved in running a company suffers to some extent when there is substance abuse in the workplace. This comprehensive drug and alcohol-free workplace program provides realistic information that you and your employees can use to proactively combat the dangers and high costs of substance abuse.

Substance Abuse Training for Supervisors and Employees will help:

- Teach supervisors how to recognize the signs of drug and alcohol use and abuse and how to respond in a responsible, effective, and legal manner.
- Educate employees on the signs of drug or alcohol abuse and how to work with supervisors to help maintain a safe work environment.
- Raise awareness of the different types of alcohol and drug testing procedures.
- Provide a cautionary message on the dangers of substance abuse and encourages abusers to seek help.

The DVD program includes:

- 2 closed-captioned DVDs - *one for supervisors and one for employees*
- Supervisor Workbook
- 11 Employee Handbooks
- 1 Awareness Poster
- 2 Trainer Tools CD-ROM (includes PowerPoint® presentation)
