

## **Popular Courses/Services From PROtective Services, Inc.** (Summer 2010)

**High Risk Employment Termination** – Customized business related on/off site employee protection to include orders for protection (OFP) and other potentially deadly business related confrontations

**Work place violence** – Customized, audience interactive presentations for **your** workplace

**ID Thief/Fraud presentations** – Identify your risk(s) and reduce your potential for litigation by applying a due diligence “standard of care”

**Site security assessments** - Establishing a safety/security baseline. Often required for ISO certification or mandated by a new client to ensure QC for a product. Hundreds of color photographs document observations in over thirty (30) topics

**"Goin Home"** - Personal and business safety/security for field and in house personnel

**NOTE:** Stefan Salmonson maintains a TOP SECRET security clearance, works with hundreds of clients throughout the United States and comes highly recommended by the clients he serves. The clearance is often required to work for clients who have "sensitive areas" that cannot be accessed by non-credentialed personnel.
