

Introducing...

*A comprehensive safety management program designed to fit your needs, provided by the*

**The North Dakota Safety Council's brand new Quality Safety Management program is specifically geared to your company, and is based on your safety needs and goals.**

Never again will you have to worry about expired certifications, new legislation, course scheduling or employee turnover. We'll help you work toward compliance and provide a total solution for all your safety needs. For a fixed monthly charge you can put your safety management into our hands.

## Four Simple Steps

- 1** One of our Safety Consultants will visit your site and perform a complete safety needs assessment.
- 2** We'll provide you with a complete overview of your assessment, a list of required and recommended safety needs and a proposal designed to help you meet your safety goals.
- 3** Once your contract is confirmed we'll work with you to arrange your safety training and ongoing consultations.
- 4** We will keep track of all your employees' training and let you know when their certifications require renewal.

***With Quality Safety Management, it's that simple.***
