

SAFETY TRAINING PAYS OFF!

- Effective bystander CPR provided immediately after sudden cardiac arrest can double or triple a victim's chance of survival. *(American Heart Association)*
- Through standardized workplace safety practices, members of the Energy Coalition for Contractor Safety decreased incident rates while increasing man hours. *(Energy Coalition for Contractor Safety, 2015)*
- As of June 2017, the AVERAGE cost of an indemnity injury to North Dakota employers was \$87,956. *(North Dakota Workforce Safety & Insurance)*
- A study on the effectiveness of worker safety & health training methods found that as training methods became more engaging, workers demonstrated greater knowledge and reductions were seen in accidents, illnesses and injuries. *(American Journal of Public Health)*

We reach 50,000 people a year through a variety of courses and presentations.

With offices in Bismarck, Minot and Fargo, along with many trainers all over the state, we make training convenient for you! Take advantage of public or private courses across the state to accommodate your needs.
