

NORTH DAKOTA SAFETY COUNCIL

COMMUNITY SAFETY

Training, classes and consulting that keeps families safe and communities whole.

In 2019,
131,400
PEOPLE DIED from preventable deaths in the nation's homes and communities. Such deaths are on the rise, increasing **149%** since 1999.

But it doesn't have to be this way. We can do better. You can be safer.

The North Dakota Safety Council can help. Every day, the NDSC provides training and consulting to prevent injuries and save lives in North Dakota's homes and communities. Our goal is to make North Dakota the safest state in the nation.

KEEPING SCHOOLS SAFE

School Safety Offerings

Our experienced consultants ensure that nothing is left to chance when it comes to the safety of our children and educators. Our services ensure that our students and our schools are prepared for the worst through planning and education that brings out their best.

- **Alive at 25 - Teen Driver Safety**

Ask your school district if they offer this proven, life-saving approach as part of their driver's education program!

- **School Bus Driver Training**
- **Reasonable Suspicion Training**
- **School Violence Prevention**
- **Violence Preparedness and Personal Safety**
- **Drug, Alcohol and Fatigue Awareness**
- **Emergency Operations Planning**
- **Fire Extinguisher Training**

A private non-profit.

KEEPING DRIVERS SAFE

Driver Safety Programs

Whether offering public classes or ensuring teen drivers are safe through the schools, the NDSC's driver safety programs save lives.

- **Alive at 25 - Teen Driver Safety**
- **Defensive Driving Courses (DDC)**
- **Attitudinal Dynamics of Driving Driver Safety**

KEEPING COMMUNITIES SAFE

First Aid and CPR

Our nationally certified public and private first aid courses have ensured that more individuals know both basics and advanced lifesaving skills. Nearly 45% of out-of-hospital cardiac arrest victims survive when bystanders perform CPR.

AED Sales and Service

AEDs are required in schools and other locations. They can save lives, with the right training, but not if the battery is dead. Let us help with AED sales, service and training.

Self Protection

Our empowering self protection classes teach practical self defense methods and personal safety insights.

Operation Lifesaver

Operation Lifesaver of the Dakotas is a non-profit, public education program focused on ending collisions, deaths and injuries at highway-rail grade crossings and on railroad rights-of-way. Materials, interviews and presentations are available.

Drug & Alcohol Awareness

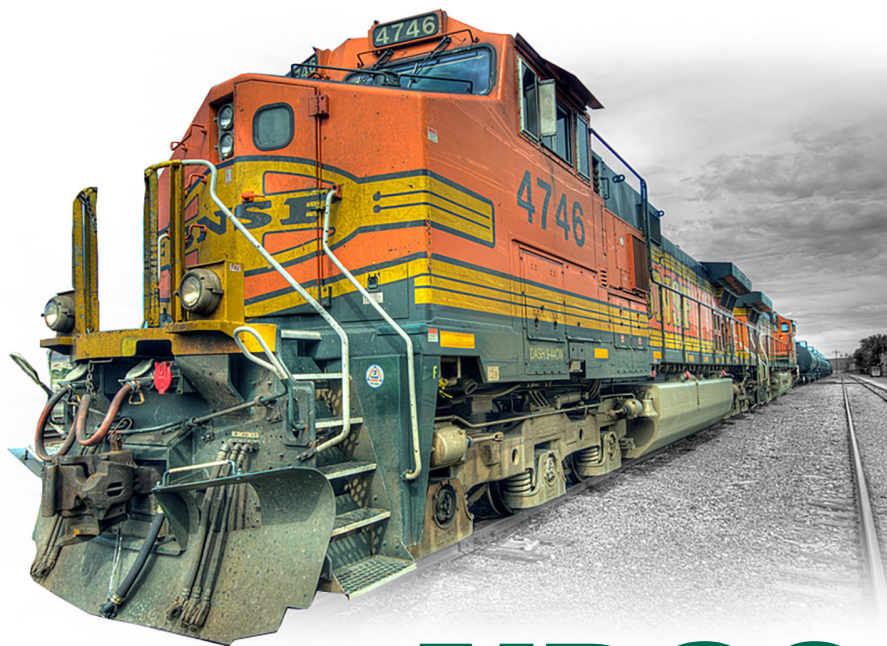

- **Responsible Beverage Server (RBS) Training** – Protect the bottom line and your liability as an employer while you safeguard your employees and the public. Our online or in-person RBS classes help servers understand the laws.
- **Opioid Awareness** – Focusing on opioid drug use, impairment and signs of addiction, this course raises awareness and saves lives.

Bring Safety Home with our Safety Resources

Find valuable resource links, statistics and more to learn even more ways you can take action to keep yourself, your home and your community safe.
