

ONLY 28%
of respondents are **VERY CONFIDENT** they can do what is needed during a crisis at their school.

30%
of respondents said they don't have **SAFETY TRAINING** for staff.

Source: ND DPI School Safety Survey 2017-2018

“ South Heart Public School hosted Don Moseman from the North Dakota Safety Council (NDSC). Don conducted a 4-hour School Violence Planning and Management class to our entire school staff, including administration, teachers, paraprofessionals, custodians, kitchen staff, and office staff. Simply stated, this is **ONE OF THE BEST IN-SERVICE TRAINING SESSIONS REGARDING SCHOOL VIOLENCE WE'VE EVER HAD.** ”

– Calvin D., Superintendent,
South Heart Public School

FACILITY DESIGN

*Are you looking to remodel?
Or have plans to build a new facility?*

The NDSC can review your plans or current facility layout to identify areas of potential vulnerability in your facility design.

Your final product is only as good as the consultant you hire. The NDSC's Security Experts are seasoned safety and law enforcement professionals with real-world experience responding to active shooter events and other emergencies.

“

I love the fact that these guys have **'BEEN THERE, DONE THAT'.**

”

–NDSC course attendee

SCHOOL VIOLENCE PREVENTION PROGRAM

ND+SC
NORTH DAKOTA SAFETY COUNCIL®

A private non-profit.

WE BELIEVE

we have developed one of the most comprehensive school violence prevention programs in the country. Our program was designed using fundamental principles and best practices outlined by the U.S. Department of Homeland Security, U.S. Secret Service, and FEMA. *When you work with the NDSC, you can take comfort in knowing our services will meet or exceed the guidelines set by these agencies.*

...we know we cannot do it alone, which is why partnerships and collaboration with programs like the NDSC are so important. We look forward to continuing our relationship with the NDSC.

*-Shawn M. Graff, Regional Director, Region VIII,
U.S. Department of Homeland Security*

With the NDSC's School Violence Prevention Program, you will:

- Develop a proactive, prevention-focused approach to the issue of school violence.
- Establish a community approach to school safety.
- Instill confidence in school staff, students and the community that you're committed to developing a culture of safety, trust and respect.

BUILDING & EMERGENCY PREPAREDNESS RISK ASSESSMENTS

Our risk assessment experts will perform a comprehensive on-site analysis of your policies, training plans, facility design, and emergency protocols. Using an all-threat approach, we will explore all man-made and natural threats to your school. You will receive a security and safety assessment report containing all findings, including an outline of positive measures already in place and new safety recommendations.

EMERGENCY OPERATIONS PLAN

One of the most critical (and overlooked) areas of mitigation is the content of your Emergency Operations Plan (EOP). Following your risk assessment, the NDSC will collaborate with key staff members and local emergency responders to formulate a customized EOP for your school. With a sustainable and compliant plan in place, you will instill confidence throughout your community that your district is committed to safety.

TRAINING PROGRAMS

With the NDSC's training programs, we equip your staff with the tools and knowledge to recognize potential security problems and properly react in an emergency.

- School Violence Prevention, Planning & Management
- Teacher Safety in the Classroom
- Social Media Safety for School Staff
- Social Media Safety for Students
- School Violence Prevention for Parents
