CONFERENCE PREVIEW

Get a first glimpse at the Pre-Conference courses at the 2027 NDSC Safety + Health Conference!

Find a full list of all our courses and additional course details at
ndsc.org/take-a-course

Distance Learning Available | Available in Spanish | Includes Hands-On Training | Advanced Safety Certificate | IVES Instructed course

FIRST AID/CPR COURSES

CPR/AED, Adult
Course Length: Approximately 2.5 hours
NDSC Member: $65 Non-Member: $75
Course meets OSHA First Aid Standard 29 CFR 1910.151, and prepares students to take action in a medical emergency. Participants learn to use an automated external defibrillator (AED) in conjunction with CPR. *Upon completion, receive a 2-year Adult CPR/AED certificate.*
Bismarck • 8am - 10:30am - March 16
Fargo • 8am - 10:30am - January 21, February 9, March 18
Minot • 8am - 10:30am - January 20, February 9, March 16

CPR/AED/First Aid, Adult
Course Length: Approximately 5 hours
NDSC Member: $105 Non-Member: $115
Course meets OSHA First Aid Standard 29 CFR 1910.151, and prepares students to take action in a medical emergency. Participants learn to use an AED in conjunction with CPR. First Aid instruction scenarios include bleeding, burns, poisoning, sudden illness and bone injuries. *Upon completion, receive a 2-year Adult CPR/AED certificate and a 2-year First Aid certificate.*
Bismarck • 8am - 1pm - January 19, March 16
Fargo • 8am - 1pm - January 21, February 9, March 18
Minot • 8am - 1pm - January 20, February 9, March 16

CPR/First Aid, Train-the-Trainer
Course Length: 16 hours
NDSC Member: $645 Non-Member: $745
Certify your employees to teach the only nationally-recognized CPR/AED/First Aid curriculum that meets all OSHA first aid requirements. *Please call (800) 932-8890 to register or learn how to customize your training.*
Bismarck • 8am - 5pm - January 19-20

DRIVER SAFETY COURSES

Driving courses qualify for insurance discounts & point reduction!

Defensive Driving Course - Alive at 25
Course Length: 4.5 hours
Course Fee: $65 Court/DOT Required: $85
Alive at 25 focuses on behavior, judgment, decision making and consequences, and provides tools to help young drivers make positive choices.
See ndsc.org/driver-safety as dates get added
Bismarck • 6pm - 10pm - February 10
Fargo • 6pm - 10pm - March 9
Minot • 6pm - 10pm - January 27

Defensive Driving Course - Attitudinal Dynamics of Driving
Course Length: 8 hours
NDSC Member: $125 Non-Member: $150
Court/DOT Required: $175
For drivers who have received multiple violations or been involved in traffic collisions. DDC ADD is designed to help participants make a connection between their attitude and their ability to make good decisions.
Bismarck • 8am - 5pm - January 21

Distance Learning
NDSC Member: $135 Non-Member: $160
Court/DOT Required: $185
Virtual Instruction • 8am - 5pm - January 21, March 8

Course also qualifies for WSI's Safe Driver program.

Defensive Driving Course - Basic
Course Length: 4 hours
NDSC Member: $60 Non-Member: $65
Court/DOT Required: $85 Seniors: $50 (55+)
Additional Family Members: $45
DDC delivers the highest level of research-driven content, defensive driving strategies, hazard recognition and learner retention exercises.
See ndsc.org as in-person dates and locations get added
Bismarck • 6pm - 10pm - January 13, March 10
Dickinson • 6pm - 10pm - February 17
Fargo • 6pm - 10pm - January 12
Minot • 6pm - 10pm - March 17

Defensive Driving Courses also available online!

DOT Compliance
Course Length: 4 hours
NDSC Member: $220 Non-Member: $255
Recently updated, this program provides a detailed overview of the CSA system and FMCSA regulations, and critical training for carrier or fleet safety management.
Fargo • 8am - 12pm - January 5

Distance Learning
NDSC Member: $250 Non-Member: $285
Virtual Instruction • 8am - 12pm - March 16

Traffic Control For Supervisors
Course Length: 16 hours
NDSC Member: $495 Non-Member: $550
Workers who have a need for ANY type of traffic control can benefit from this training. Participants will gain in-depth knowledge of the entire process, including temporary work zones, planning work zones, traffic patterns, and pedestrian patterns. Course attendees will participate in tabletop design activities.
Bismarck - 8am - 5pm - January 14-15, March 18-19
Fargo - 8am - 5pm - February 18-19

WORKPLACE SAFETY COURSES

Confined Space Entry Entrant, Attendant and Supervisor
Course Length: 5 hours
NDSC Member: $185 Non-Member: $225
This course will provide attendees with a comprehensive overview of the OSHA general industry and construction industry standards for Permit Required Confined Space Entry Supervisor. The differences between the general industry and construction industry requirements will be addressed, as well as a brief overview of other roles and responsibilities. *Course developed by Roco Rescue, the world's leader in industrial rescue training and an OSHA VPP Site.*
Minot • 8am - 1pm - February 16

Effective Safety Management Practices I
Course Length: 2 days ASC CEUs: 1.3
NDSC Member: $875 Non-Member: $1,035
Designed for safety leaders, this course addresses safety management systems, the roles and responsibilities of safety professionals, leading safety management processes, safety performance measures and more.
Bismarck • 8am - 5pm – February 8-9, February 10-11

H2S Clear for Energy
Course Length: 4 hours
NDSC Member: $155 Non-Member: $185
This course arms workers with crucial knowledge of the dangers of H2S (the "silent killer") and the precautions, tools, and necessary actions for working around rigs, pipelines, refineries, storage tanks, tankers and terminals.
Minot • 8am - 12pm - January 27, March 31

Distance Learning
Virtual Instruction • 8am - 12pm - February 17

Job Safety Analysis
Course Length: 8 hours ASC CEUs: 0.65
NDSC Member: $375 Non-Member: $475
Learn to develop and manage a JSA program and gain a better understanding of your role in making it effective. You'll learn how to dissect processes in your operation; eliminate or reduce hazards and how to enlist participation from frontline employees, supervisors and upper management.

Distance Learning
Virtual Instruction • 8am - 5pm - January 18

Lift Truck Operator Training
Course Length: 8 hours
NDSC Member: $195 Non-Member: $245
Course modules include OSHA regulations; lift truck design and operating principles; inspections and maintenance; and picking up and delivering a load. *Our training supports OSHA standards but does not result in a certified forklift operator.*
Fargo • 8am - 5pm - February 11

ONE BASIN - *One Way!* Standardized Contractor Safety Orientation
Course Length: 4 hours
Orientations scheduled weekly in the following locations, and are subject to change:

Bismarck: *As Needed*
Dickinson: *Friday* • **Dickinson Spanish class:** *Every other Monday*
Minot: *Friday,* **Tioga:** *Thursday*
Watford City: *Tuesday,* **Williston:** *Monday and Wednesday*

Course also offered in Spanish. See website for details.

Distance Learning: *Available on a weekly basis from NDSC trainers. See ProCertX for up-to-date schedule.*

Register at onebasinoneway.com

ONE BASIN - *One Way!* H2S Certification and Respiratory Protection Training
Course Length: 4 hours
This class meets revised ANSI/ASSE Z390.1-2017 standard in mitigating risks associated with H2S exposure industry wide. Learn what Hydrogen Sulfide is, where you can find it, properties, how it can harm, signs and symptoms of exposure, methods to detect, how to control it, and emergency procedures to follow.

Orientations scheduled weekly in the following locations, and are subject to change:

Bismarck: *As Needed*
Dickinson: *Friday* • **Dickinson Spanish class:** *Every other Monday*
Minot: *Friday,* **Tioga:** *Thursday*
Watford City: *Tuesday,* **Williston:** *Monday and Wednesday*

Course also offered in Spanish. See website for details.

Distance Learning: *Available on a weekly basis from NDSC trainers. See ProCertX for up-to-date schedule.*

WORKPLACE SAFETY COURSES

OSHA 10-Hour General Industry
Course Length: 10 hours
NDSC Member: $205 Non-Member: $260
The OSHA 10-hour training program provides entry level general industry workers information about their rights, employer responsibilities, instructions to file a complaint and how to identify, abate, avoid and prevent job related hazards on a job site. Training emphasizes hazard identification, avoidance, control and prevention, not OSHA standards.
Courses run 8am to 5pm day one, and 8am to 12pm day two.
Minot - January 11-12, March 22-23

OSHA 510 Occupational Safety & Health Standards for Construction
Course Length: 32 hours
NDSC Member: $795 Non-Member: $795
This course covers OSHA policies, procedures and standards, as well as construction safety and health principles. Topics include scope and application of OSHA construction standards. Special emphasis is placed on those areas that are most hazardous, using OSHA standards as a guide. 2.6 CEUs; 4.0 CMs.
Fargo • 8am - 5pm - January 12-15

OSHA 511 Occupational Safety & Health Standards for General Industry
Course Length: 32 hours
NDSC Member: $795 Non-Member: $795
This course covers OSHA policies, procedures and standards, as well as general industry safety and health principles. Topics include scope and application of OSHA general industry standards with special emphasis on those areas most hazardous, using OSHA standards as a guide. 2.6 CEUs. Course is a prerequisite to the OSHA 501.
Bismarck - 8am - 5pm - March 16-19

OSHA 7100 Introduction to Machinery and Machine Safeguarding
Course Length: 8 hours
NDSC Member/Non-Member: $135
This course covers the process to identify, select and properly safeguard machinery to protect employees and others in the work area and deliver appropriate training in safe work practices.
Bismarck - 8am - 5pm - March 23

OSHA Recordkeeping
Course Length: 4 hours
NDSC Member: $150 Non-Member: $175
Learn what a recordable injury is and keep non-recordables off your logs. Participants will learn how to figure incidence rates, average employment, and hours worked, as well as new recordkeeping procedures and interpretations.

Distance Learning
Virtual Instruction • 8am - 12pm - January 5, March 24

Safeland USA Basic Orientation
Course Length: 8 hours
NDSC Member: $215 Non-Member: $235
This one-day safety orientation is accredited by SafeGulf and SafeLandUSA, and provides general safety information workers need to know before entering a company facility and while performing their assigned work duties.
Minot - 8am - 5pm - January 13, March 17

Distance Learning
Virtual Instruction - 8am - 5pm - January 19, February 3, February 17, March 16

Team Safety
Course Length: 8 hours • ASC CEUs: 0.65
NDSC Member: $350 Non-Member: $450
Learn how to build an effective safety team, or get the most from an established team. Topics covered include: team safety concepts and techniques; how to plan for and create an effective safety team and how to identify training and development needs of team members. *Earn your Advanced Safety Certificate by taking this and other ASC courses.*

Distance Learning
Virtual Instruction • 8am - 5pm - March 15

NORTH DAKOTA SAFETY COUNCIL

SAFETY+HEALTH CONFERENCE

54th ANNUAL

February 22-25, 2027
Bismarck Event Center or Virtual

CONNECT. LEARN. *LEAD.*

Safety and health training isn't just compliance, it's the foundation of a stronger, more productive workplace. At the NDSC Safety & Health Conference, a thousand professionals from across the region come together to learn from national experts, discover innovative solutions, and gain practical tools that save lives and reduce risks. With powerful keynotes, hands-on training, and unmatched networking, this is more than a conference – it's where safety leaders unite to turn knowledge into action.

> **100+ Sessions** > **100+ Exhibit Booths**

Sensational keynote speakers!

RORY GARDINER

DAN CLARK **DANNY BADER**

DAN CLARK - TUES, FEB 23 After fighting his way back from a paralyzing injury that ended his football career, Dan built a remarkable career helping others rethink what's possible. Get ready for powerful stories, fresh motivation, and a whole new perspective on what it means to make an impact.

RORY GARDINER - WED, FEB 24 Through laughter and storytelling, Rory will challenge you to embrace uncertainty, build resilience, and get comfortable being uncomfortable. Expect plenty of laughs and a few takeaways that stick with you long after Conference.

DANNY BADER - THUR, FEB 25 Danny survived a devastating workplace electrical accident that sent 8,000 volts through his body and left him clinically dead for approximately six minutes. What followed wasn't an instant transformation, but a journey of resilience, purpose, and discovering what it truly means to live.

See what 2026 Conference attendees had to say!

"Once again, the ND safety conference was spot on!"

"I loved the variety of businesses that attend and the ability to network."

"One of the best overall conferences yet. Nice work and the vendor power hour is nice!"

"Fantastic people, fantastic vendors, fantastic breakout sessions."

PRE-CONFERENCE COURSES

NORTH DAKOTA SAFETY COUNCIL
SAFETY+HEALTH CONFERENCE 54th ANNUAL

MONDAY, FEBRUARY 22

Take advantage of these unique training opportunities taking place before the NDSC's Annual Safety & Health Conference!

PC01 - Compliance Rescue Refresher
$395 member | $495 nonmember
Brad Warr and Chris Carlsen, ROCO Rescue
8 am – 5 pm, Advanced
A real emergency demands rescue proficiency. OSHA 1910.146 requires that rescue team members practice making permit space rescues at least once every 12 months from actual or representative confined spaces. NFPA 1670 states that teams must undergo an annual performance evaluation, and NFPA 1006 says individuals shall demonstrate competency on an annual basis. Roco's Compliance Rescue Refresher™ course includes hands-on practice as well as problem-solving confined space and elevated scenarios.

PC02 - CPR/AED/First Aid
$105 member | $115 nonmember
Aglae Young, NDSC
8 am – 2 pm, All levels
Do you know how to respond if your colleague collapsed on the job site? This course teaches students to take action in a medical emergency and prepares them to respond to choking, breathing and cardiac emergencies. Participants will learn how to use an automated external defibrillator (AED) in conjunction with CPR. First Aid is taught using a combination of lecture and hands-on training.

PC03 – New Safety Professional 101
$175 member | $225 nonmember
Kacy Kirby, NDSC
8 am – 12 pm, Basic
Are you new to the safety profession or want to gain more knowledge of the role OSHA and Workforce Safety Insurance (WSI) play within your company. In this course you will learn how to navigate the OSHA.gov website to better understand the regulations and ensure compliance. After taking this course, students will also gain understanding of the true cost of workplace injuries.

PC04 – Incident Investigation: Finding Root Cause and Preventing Future Incidents
$175 member | $225 nonmember
Andrea Jensen, NDSC
8 am – 12 pm, Basic-Intermediate
Learn how to move beyond the obvious and uncover the true causes of workplace incidents. In this engaging 4-hour course, participants will practice proven investigation techniques, including the 5 Whys, Fishbone Diagrams, and Cause-and-Effect Analysis. Through a hands-on case study, attendees will investigate an incident, identify root causes, and develop effective corrective actions to help prevent future occurrences.

PC05 – Spring Thaw
$55 member | $65 nonmember
Thad Sichmeller, Purushotham Tukkaraja
9 am – 3 pm, All levels
As mining operations ramp up production in April and May, changing conditions, equipment returning to service, and new employees unfamiliar with mining hazards can create additional risks. Spring Thaw brings safety into focus for surface coal and sand and gravel operations, helping both new and experienced miners recognize hazards and prepare for a safe, productive season.

PC06 - Safety Leadership 101: Building Better Leaders in High-Risk Environments
$225 member | $265 nonmember
Ryan Bouda, LEAP
8 am – 12 pm, All levels
Effective safety leadership starts with knowing your people, understanding your risks, and following through on your commitments. This interactive workshop explores how leaders across industries can build trust, communicate openly, and establish accountability that strengthens safety at every level.

PC07 - High-Risk Employee Termination and De-Escalation
$225 member | $265 nonmember
Don Moseman, NDSC
8 am – 12 pm, All levels
While human resource professionals and in-house counsel may want to take safer routes, management may nevertheless decide employee termination is necessary. Because more and more violence is being linked to disgruntled former employees, it's best to be prepared so you can lower the risk associated with high risk employment terminations.

PC08 – Reasonable Suspicion for Supervisors
$175 member | $225 nonmember
Steven Mayer, NDSC
8 am – 12 pm, All levels
This classroom course will give supervisors from all industries valuable training on the management of drug and alcohol abuse in the workplace. Supervisors will learn what they need to look for, and actions to take if someone seems unfit for duty.

PC09 - Developing Your Next Generation Leadership Star
$325 member | $375 nonmember
Wyatt Bradbury, Avetta
8 am – 5 pm, All levels
This course is for current and future organizational leaders who desire to build a culture that nurtures leadership development in the context of today's multi-generational workforce. This course will discuss skills, approaches, and strategies that can be used to develop the next generation leaders within a company or to help those seeking to be next generation leaders to hone their skills.

PC10 – Traffic Control for Workers
$225 member | $265 nonmember
Dennis Snodgrass, NDSC
8 am – 5 pm, All levels
This course is for workers involved in street and highway work who are expected to help maintain a safe work zone. Workers who have a need for ANY type of traffic control can benefit from this training, including those in utilities, rail, road construction, maintenance, and city/county/state employees.

PC11 – NFPA 70E: Demystified
$225 member | $265 nonmember
Christian Opp, Opp Seminars
8 am – 12 pm, All levels
NFPA 70E can be intimidating—but electrical safety doesn't have to be. NFPA 70E: Demystified breaks down the standard into practical concepts that safety professionals, supervisors, electricians, and other industry professionals can understand and apply. Attendees will explore the difference between shock and arc-flash hazards, when energized work may be justified, how electrical risk assessments are performed, and how approach boundaries, PPE, and safe work practices are determined.

Registration opens December 1

Courses priced at individual rates.
Lunch included with all Pre-Conference courses.

Watch for updates in your inbox and online at **ndsc.org**

See full course descriptions at ***ndsc.org/annualconference***

PC12 - H2S Clear for Energy

$155 member | $185 nonmember

Stacey Fick & Jesse Johnson, NDSC

8 am – 12 pm, All levels

Hydrogen Sulfide (H2S) is a hazard that creeps up on you. You can't see it, and if the concentration is high enough, you can't smell it. This toxic gas is colorless and collects in low lying areas. H2S is so powerful that it can kill you with one breath. H2S Clear for Energy arms workers with crucial knowledge of the dangers of H2S and the precautions, tools, and necessary actions for working around rigs, pipelines, refineries, storage tanks, tankers and terminals.

PC13 – HAZWOPER Refresher

$225 member | $255 nonmember

Jay Skarphol, NDSC

8 am – 5 pm, All levels

This refresher course fulfills the requirements of the HAZWOPER Standard for Construction and General Industry and includes updates on and an overview of HAZWOPER requirements with a hands-on approach. Focus will be placed on identification, evaluation and control of a hazmat scene or incident.. This course includes an exercise utilizing the components of HAZWOPER.

PC14 - Selection and Use of Direct-Reading and Sensor Technologies for Occupational Health & Safety

$325 member | $375 nonmember

Dr. John Snawder

8 am – 5 pm, All levels

This Session will describe strategies and frameworks to select and use direct reading instruments to better protect workers from harmful exposures. The objective is to promote the competent development, adoption, and interpretation of data from real-time monitors and direct-reading methodologies.

PC15 – Bloodborne & Airborne Pathogens

$45 member | $50 nonmember

Aglae Young, NDSC

2:30 pm – 4:30 pm, All levels

(29 CFR 1910.1030) requires employers to safeguard employees who face potential occupational exposure to blood or other potentially infectious materials. The National Safety Council's Bloodborne and Airborne Pathogens course helps reduce these risks by focusing on how to protect employees from blood and airborne pathogens and what to do if an exposure occurs.

PC16 – New Safety Professional 102

$175 member | $225 nonmember

Kacy Kirby, NDSC

1 pm – 5 pm, All levels

After completing this course, students will better understand what a safety program consists of and how to develop safety programs for their companies that comply with OSHA regulations. We will also discuss safety methodologies and the differences between audits, inspections, investigations, and others.

PC17 – DOT Compliance

$220 member | $255 nonmember

Andrea Jensen, NDSC

1 pm – 5 pm, All levels

Personnel responsible for managing commercial vehicles and drivers, such as Fleet Safety Managers, Driver Managers, Safety Supervisors, HR professionals and administrative support personnel, can benefit from this course. This workshop provides attendees an opportunity to learn how to use the FMCSA manual and will focus on learning all applicable federal regulations.

PC18 - Beyond Root Cause: Modern Investigation Practices That Improve Safety Outcomes

$225 member | $265 nonmember

Jonathan Neubauer, Workplace Learning Systems

1 pm – 5 pm, All levels

Unlock the full potential of your investigation capabilities with our workshop for professionals in safety, operations, and quality roles.
This program transforms your approach to incident investigations, root cause analysis, and corrective/preventive actions—delivering stronger outcomes and safer workplaces.

PC19 – Workplace Violence Prevention

$125 member | $150 nonmember

Don Moseman, NDSC

1 pm – 5 pm, All levels

During this course, supervisors and employees will learn how to increase their company's level of safety and preparedness in the event of an emergency or violent act. Learn the history of mass shootings, lessons learned from each event, and if your place of work is at risk for violence. Topics will include high-risk employment considerations, the importance of developing an Emergency Response Plan, predator recognition and observation techniques, staff preparedness suggestions, and identification of potentially dangerous employees.

PC20 – VitalCog: Suicide Prevention in Construction Training for Trainers (T4T)

$125 member | $150 nonmember

Erin Haugen, Haugen Performance Consulting

1 pm – 5 pm, All levels

Mining and construction are two industry groups with the highest rates of death by suicide in the US (Sussell et al., 2023). This workshop trains industry members to be VitalCog in Construction instructors. Upon successful completion of this course you can offer your own VitalCog in Construction courses at your workplace.

PC21 - Trenching & Excavating Hazard Awareness

$220 member | $255 nonmember

Jesse Johnson, NDSC

1 pm – 5 pm, All levels

This awareness course will describe in detail OSHA's Standard - Subpart P - Excavations. This course includes the definitions to this subpart along with specific excavation requirements, requirements for protective systems, soil classifications, sloping and benching, timber shoring for trenches, aluminum hydraulic shoring, alternatives, and the selection of protective systems.

PC22 – OSHA Recordkeeping

$150 members | $175 nonmembers

Stacey Fick, NDSC

1 pm – 5 pm, All levels

Help employers understand and navigate OSHA's updated recordkeeping rule. We'll help you understand what a recordable injury is and keep non-recordables off your logs. This class uses workshops to teach how to properly prepare and maintain required records of workplace injuries and illnesses - using the revised OSHA 300, 300A and 301 forms. Participants will learn how to figure incidence rates, average employment, and hours worked, as well as new recordkeeping procedures and interpretations.

MEET YOUR NDSC
SAFETY TRAINING EXPERTS

Andrea Jensen, CSP

Andrea brings almost 20 years of EHS experience across the transportation, manufacturing, and construction industries. Her advanced education and real-world leadership experience help organizations strengthen safety from the front line to the executive level.

"Andrea did a wonderful job. She was able to keep it light and comfortable but still able to portray how serious the topic is and can be."

19 YEARS experience in safety

Don Moseman

Don draws on decades of military, law enforcement, and instructional experience to deliver powerful, practical training. He is a leading expert in violence prevention, traffic safety, emergency planning and supervisor-level safety programs.

"The instructor was excellent. He had a much different presentation than we have had before. It kept our attention all the way through."

38 YEARS experience in safety

Dennis Snodgrass

Dennis brings extensive leadership experience from law enforcement and the safety and oil and gas industries. His expertise includes training, safety audits, incident investigations, policy development and traffic safety.

"Multiple guys came up and said "wow", they were blown away. I knew he was going to have a message, but I didn't see that coming."

20 YEARS experience in safety

Aglae Young

Aglae has more than 20 years of experience delivering engaging training in a variety of safety topics. She also helps expand access to lifesaving education as one of NDSC's Spanish-language instructors and interpreters. As an EMS volunteer, she's a master at the craft of teaching in the Emergency Care world.

"I loved the enthusiasm and knowledge of Aglae. This was the BEST course I've had."

25 YEARS experience in safety

Kacy Kirby

Kacy brings almost 20 years of safety experience, including leadership roles in manufacturing and oil and gas. His approachable training style combines real-world stories, technical knowledge and meaningful participant engagement.

"It exceeded my expectations. You made learning easy. And it helps to throw in a little humor, too!"

18 YEARS experience in safety

Stacey Fick

Stacey has been delivering safety training since 2013, with expertise spanning OSHA requirements, SafeLand, confined space and emergency care. Her energetic, hands-on approach makes complex safety topics easier to understand while helping participants build confidence in their ability to respond safely.

"Best part of the class was that the instructor was informative and chill."

13 YEARS experience in safety

Jesse Johnson

With more than 30 years of safety experience, Jesse brings a deep understanding of the high-risk environments and day-to-day challenges faced by oil and gas workers. His training connects safety requirements to real field situations, giving participants practical tools they can immediately apply on the job.

"The instructor was awesome and made the class very entertaining but also helped me retain a lot of knowledge."

35 YEARS experience in safety

Real experience makes a real difference.

NDSC trainers bring decades of hands-on experience from North Dakota's most important industries into every course. They do more than explain safety requirements, they connect training to the work your employees perform every day. They understand the work, the risks and what it takes to build safer teams.

NDSC
